Montana Specific Data Elements/Values

Montana follows the National Incident-Based Reporting System (NIBRS) as the basis for collecting crime data from police departments and sheriff's offices across Montana. NIBRS standards can be referenced by using this [link](#) to the NIBRS User Manual. The Montana specific standards are listed below and are a supplement to the NIBRS User Manual.

Montana customizes a records management export to Montana Incident-Based Reporting System (MTIBRS) [file specifications](#), and a list of [cross referenced offense codes](#) with three code numbers.

- MTIBRS offense code
- Montana Code Annotated (MCA) offense code
- Uniformed Crime Reporting (UCR) offense code
